RE: Scholarship & Summer Camp Opportunities

DMA Properties Resident:

DMA Development, LLC is pleased to announce that we are offering scholarship opportunities to our residents for use in the 2021/2022 school year and the summer of 2021. Through the Camile Pahwa Scholarship Fund, we provide educational and training scholarships for both children and adults, as well as grants for summer camp for families living at any of our apartment communities.

Scholarships may be used for tuition, fees and books, accredited college, junior college, university, certified trade or vocational schools and any adult continuing education coursework. Grants are available for the summer camps of your choosing. Additional information and applications are available at <https://dmacompanies.com/about-us/dma-gives-back> or you may contact your apartment leasing office. Applications are due May 17, 2021, and awards announced on May 21, 2021.

The Camile Pahwa Scholarship was created in memory of our colleague, Camile Pahwa. Camile helped development with many of our apartment communities and was well-respected throughout our industry for her knowledge of affordable housing. She will always be remembered for her winning smile and “can do” attitude. We look forward to receiving your application.

Sincerely,

*JoEllen Smith*
